This is a 2-stroke 50 hp Johnson outboard boat motor. This motor was primarily used in freshwater. We have fully boat tested this engine for over 1 hour and it runs excellent. It idles smooth, shifts good, and has great top end power. This is a 2-stroke 50 hp that is light weight at only around 150lbs.

Motor For Sale

Step 2. Run your outboard for a few minutes so the engine draws stabilized fuel into the fuel lines and the fuel system. Then, disconnect the fuel supply and continue to run the motor until it's just about to dry (when the motor begins to splutter). Step 3. As the engine begins to splutter, spray fogging oil directly into the carburetor's throat.

How to Winterize a 2-stroke Outboard Motor | Boats.net

If Evinrude/Johnson XD25 Formula outboard oil is not available, you must use an NMMA-certified TC- W3 oil such as Evinrude/Johnson direct injection oil or Evinrude biodegradable outboard oil.
