Autostart - Guides and Manuals

Totally doable. I have a 2014 Mazda 3, with proximity key and push start, and a manual transmission. The Mazda dealer told me the same and said it wasn't possible. I called an auto accessory shop in town that also installs auto-starts, and they said it was no problem. They installed a 2-way viper auto-start in my vehicle. Here is how it works:

Can I get a Remote Car Starter on A Manual Transmission?

In a manual transmission car there are three pedals - the clutch, the brake and the accelerator/gas. It is essential that you have a firm grasp of which pedal is which before you begin driving. The pedal on the far left is the clutch. It allows you to disengage the engine from the wheels while you are changing gears.

MANUAL OR AUTOMATIC TRANSMISSION SETUP

My used 2010 vehicle came with an autostart model tx050a remote car starter. It is a manual transmission. I have had a remote car starter for a manual transmission before, and the same steps I used for it, does not work for this model. Dealer didn't know how to engage. No manual. Searched on-line, can't find anything. If you could help me with the steps, that would be great!
