Definition. The ISCED definition in 1997 posited that primary education normally started between the ages of 5 - 8, and was designed to give a sound basic education in reading, writing and mathematics along with an elementary understanding of other subjects. By 2011 the philosophy had changed, the elementary understanding of other subjects had been dropped in favour of "to establish a solid ...

The Act creates a state-level commission to authorize charter schools and cosponsors these charter schools. If a charter school petition is denied by a local board of education, the petitioner may submit the petition to the commission for approval unless the school would be located in a charter system. Commission charter schools receive federal, state, and local funding.
