Emotional Intelligence Coaching Improving Performance

Coaching for emotional intelligence is not therapy. Rather, it's about keeping the focus of coaching conversations where they belong: on the person's performance at work and the limiting impact certain behaviors may have on his ability to get work done with and through other people.

Five Tips on Coaching for Emotional Intelligence | AMA

Emotional Intelligence Coaching examines the vital role emotions and habits play in performance. Emotional intelligence can help leaders and coaches recognize how attitudes - both their own and those of the people they coach - prevent individuals from reaching their potential. Replacing these with more useful feelings and thoughts can provide a powerful means of improving performance.
