The Human Side of Organizations by Stan Kossen

The Human Side of Business* Reflections on the human element in business — and insights contained in this issue. Martha E. Mangelsdorf June 19, 2012 Reading Time: 2 min ... so much of business comes down to people — and how they work together, both within organizations and in partnerships between organizations.

The Human Side of Business* - MIT Sloan Management Review

The process should recognize human needs, honor and address the human side throughout the business aspects of the change, and end with human issues still in mind. Too often, organizations give lip service to the human side and focus their attention on the business side, because many top managers find business issues more comfortable to deal with than people issues.

"The Human Side of Organization Change" by Iacovini, John ...

In keeping with traditional sociological concerns about order and disorder, this essay addresses the dark side of organizations. To build a theoretical basis for the dark side as an integrated field of study, I review four literatures in order to make core ideas of each available to specialists in the others. Using a Simmelian-based case comparison method of analogical theorizing, I first ...
