In a compliance management system, the lines of defense are related to the areas (departments) of the financial institution responsible for different aspects of risk management. Broadly speaking, a line of defense includes the employees, their policies, procedures, and practices, and the lines of reporting and escalation.

Today, the IIA released what I would call a replacement for its Three Lines of Defense Model. The old model was released in a Position Paper in 2003, The Three Lines Of Defense in Effective Risk Management and Control. One of the more significant things to note is the change in name to The Three Lines Model. Before
